I RISE TO REMARK

BY JOHN PHILLIPS

One of my friends wrote and asked me what had happened to my crystal ball. He was joking; but the reason I haven't gotten my "crystal ball" out this year and dusted it off, to tell you what would happen at Philadelphia. is no joke.

Conditions change so, from week to week, and national problems have related so directly to the positions of the candidates, as the bell rings at Philadelphia, that only a brash prophet would attempt to propnesy. I told my friend, also jokingly, that he knew that owners of crystal balls, even imaginary ones, didn't like to use them when the prophesies could be so quickly and easily compared with the results.

The Convention will be held in the big convention hall, built since I used to live in Penn's Woods. Four years ago, at Chicago, it was easy to get admission tickets; this year they are scarcer than the proverbial hen's teeth. The Republicans think they are going to nominate the winning candidate in November, and they all want to be on hand. Most of them want to be delegates!

Governor Dewey and Senator Taft claim the most votes on the first ballot. The states vote them for the favorite sons, so the rest of their lives the sons can mention that they were presidential candidates. Then the delegates get down to business.

My crystal ball tells me that if Senator Taft wants to turn the heat on his delegates as early as the first ballot, he can have more votes than Governor Dewey. Can he sustain them, or increase them to the necessary 548? I don't know. He might. It will depend on several large delegations, of which Pennsylvania and California are the most important.

If this matter, Taft vs. Dewey, is not settled in a very few ballots, then I think neither one will get it. That does not mean it will be Mr. Vandenberg or Mr. Stassen. 28 years ago a dark horse did win, Warren G. Harding, and a younger Arthur Vandenberg covered that convention as a reporter for a Michigan newspaper. The Republican party has twice picked nominees from the Congress, Harding and Garfield. It selected two professional soldiers, Grant and Fremont, the first candidate of the Party, a Californian.

Hughes was a Supreme Court Justice; Wilkie was a business man. Roosevelt (you understand I mean Teddy) and Coolidge were Vice-Presidents, who had succeeded to office by the deaths of their Presidents. Three came from the Cabinet: Blaine, Taft and Hoover; three were Governors of States: Hayes, Landon and Dewey; three were practicing lawyers: Lincoln, Harrison and McKinley. This quickie analysis takes only the occupation at time of nomination.

Some people think there will be many ballots. I do not. These are my guesses: Not more than seven ballots. Start voting Wednesday evening; finish Thursday. Dewey or Taft in the lead at the start, probably Taft. If big delegations switch in the first three ballots, then one or the other as nominee. Taft has a little edge on Dewey at the moment, but with things as they are, it isn't worth much. If not settled in four ballots, then neither one, but some dark horse. Not Stassen for sure, probably not Vandenberg. Watch Bricker. Watch Martin, but only in case of a jam. For Vice-President, if with Dewey, it could be Warren, if he'd take it. It could be Knowland, but hardly enough plowing and harrowing done for that. If Taft, more likely to be Stassen. Some consideration given the west, in nomination the vice-presidential candidate, not much chance on the No. 1 job. Cabinet positions promised to get delegation votes. California would have a chance there if the delegation insisted.

That's what I call sticking my neck out. You'll know the actual results the same day you see this in print. I have no "inside information." Nobody really knows now. I wish I was as sure of anything at the Republican convention as I am that Mr. Truman will be nominated at the Democratic convention, and that Mr. Wallace, in spite of hopeful rumors circulated by Democratic publicity men, will not withdraw but will be the nominee of the so-called Third Party, officially the I.P.P., the Independent Progressive Party, familiarly known as the Ippies to those Californians who have them as opponents in the November election.

KELLEYS FETE BESSIE McCOY ON BIRTHDAY

When Mr. and Mrs. H. A. Kelley entertained a few friends at dinner last Thursday evening in their home on Watson street, it was in honor of Mrs. Bessie McCoy, who was celebrating her birthday anniversary. Others present were Mr. and Mrs. H. A. Gunderson of Long Beach and Tom Dooley, brother of the celebrant. Later in the evening the group was joined by Mr. and Mrs. Earl Essex and Mr. and Mrs. Jerry Kelly and children, Michael and Carolyn.

Local School Building To Be Modernized

Work is progressing satisfactorily on the new addition to the local elementary school building. Construction of the new portion is still ahead of schedule according to the architect, and inspector, and there is every chance in the world that the work will be finished on time.

The school board is contemplating changes in the physical appearance of the interior of the present classrooms, according to Dan Mackay, secretary. It is planned to modernize the lighting system in seven of the existing class rooms, teachers' room, and principal's office, duplicating the semi-indirect lighting as is now being used in the fifth grade room. Also to be installed are acousti-celotex ceilings, which deadens the echoes of sounds in the class room, and make the rooms more nearly sound-proof. This material is now used in the auditorium and cafeteria.

25th Anniversary Celebrated By Stanton Couple

On June 21, 1923 in Tulare, Miss Leola Rockwell of Anaheim became the bride of John Gautschy. On Sunday afternoon and evening, Mr. and Mrs. Gautschy celebrated the 25th anniversary of that day, at their home on Western Ave.

During the afternoon and evening about 60 relatives and friends of the couple called to offer congratulations and good wishes. The house was lovely with arrangements of gladioli and the table on which the three tiered anniversay cake stood, was graced with yellow gladioli arranged with blue for-get-me-nots.

For the occosion, Mrs Gautschy wore a white gown with a lavendar orchid corsage, the gift of her husband. The wedding cake was served by the married daughter of the couple, Mrs. Edgar Carter, and another daughter, Miss Jane Gautschy, presided at the punch bowl.

Many lovely gifts and cards were received by the celebrating couple. All three of the children and the four grandchildren of Mr. and Mrs. Gautschy were present for the celebration. Others, who came from a distance to attend were Mr. and Mrs. Harold Rockwell of San Diego, brother and sister of Mrs. Gautschy, and Mr. and Mrs. Maxon Weide and daughter, Maxine of Pomona.

The bride and groom of 25 years have lived for the post 20 years in Long Beach and the vicinity of Stanton.

Summer Theater At Tustin Opens With Comedy

Arrangements have been completed for the business office of the Buena Park News to sell researved seat tickets for all performances of Holiday Stage, professional summer stock company which opens a ten-week season at Tustin, June 28th. Florence Turney, treasurer in charge of the theatre's ticket office, made the announcement.

Attendants at the News office today began selling reserved seat locations for the first play, "She Loves Me Not," a romantic, collegiate comedy in nineteen scenes by Howard Lindsay, author of "Life With Father." Vera Marshe, vivacious comedienne of stage and screen, will have the same role she played for fourteen months in London—that of a pretty night club hoofer who causes comic chaos in a men's dormitory. Oliver Cliff, who recently closed a season on Broadway with Katharine Cornell, will star opposite Miss Marshe. Cliff built a tremendous following in Orange County last summer when he played in "The Glass Menagerie," Blithe Spirit", "Petticoat Fever," and other Holiday Stage successes. Supporting Miss Marshe and Mr. Cliff will be a cast of forty players including William Pullen, Beverly Campbell, Glen and Connie Wells, Don Quinn, and James Connell.

Directed by Harold Turney in a two-level stage setting designed by Norman Mennes, "She Loves Me Not" will feature several tap routines dances by Vera Marshe, two romantic songs specially composed for the productin and sung by Oliver Cliff, and a medley of college songs sung by a glee club of twenty male voices.

"She Loves Me Not" opens next Monday night and will continue through Saturday night, July 3rd, with a Saturday matinee at 2:30.

POPULAR OFFICER IN LEGION AUXILIARY GIVEN PARTY

The birthday anniversary of Mrs. Elsie Hasell was given special recognition for a second time of the American Legion Auxiliary when a group of fellow members gave her a surprise party on a recent evening at the home of Mrs. June Groff on Thomas street, Buena Park. The guests played bingo after which the honor guest opened her birthday gifts. Birthday cake and coffee were served at the close of the pleasant evening.

Attending were Mrs. Bessie Bosanko and daughter, Betty, of Santa Ana, formerly of Buena Park; Juanita Hash, Ruth McKenzie, Ruth Torgerson, Jane Tillosen, Helen Dow, Ruth Johnson and Dessie Rodabaugh.

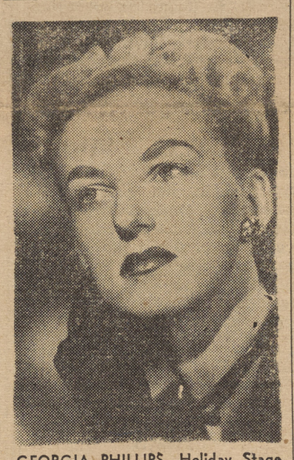
Millie Stanford and Zoe Jackson sent gifts although unable to attend the party.

Los Alamitos Boy Appointed To Naval Academy

News has been received from the Bureau of Naval personnel in Washington, D. C. of the appointment to the United States Naval Academy at Annapolis of William Gordon Cue, 19 year old son of Mr. and Mrs. Raymond L. Cue of Los Alamitos.

Young Cue, along with several thousand young men, took a written examination and placed 50th. Upon the passing of the physical examination, Cue will enter the academy in September as a midshipman.

He attended the Huntington Beach and St. Anthony's High schools and last October enlisted in the Naval Air Reserve at the Los Alamitos Air base. To prepare himself for the difficult mental examination he has been studying correspondence courses taken through the educational officer at the base and attending the Long Beach college night school.



GEORGIA PHILLIPS, Holiday Stage starlet, joins Vera Marshe and Oliver Cliff in the gay, collegiate comedy with songs and dances, "She Loves Me Not," opening June 28th.

Accidents Take Toll This Week

Several local people were injured in varying degrees this week in accidents that ranged from minor to severe.

Five persons were injured Saturday when two autos crashed at the intersection of Manchester and Crescent Road. No local people were involved.

David Aquilar, 11, of Stanton, suffered a fracture of his left ankle about 5:20 p.m. Saturday when his bicycle was hit by a car driven by Emil Smith, 46, of Stanton.

DRIVER BLAMED

A coroner's jury Friday blamed James L. Maxwell, 19, of Bellflower with failure to make a boulevard stop and exonerated a truck driver whose truck hit him as it inquested the death of Mary Patricia White, 16, of Whittier.

The girl died a short time after the crash at the corner of Hansen Road and Orangethorpe last Wednesday afternoon when a car driven by Maxwell allegedly failed to make the stop and was struck broadside by the truck.

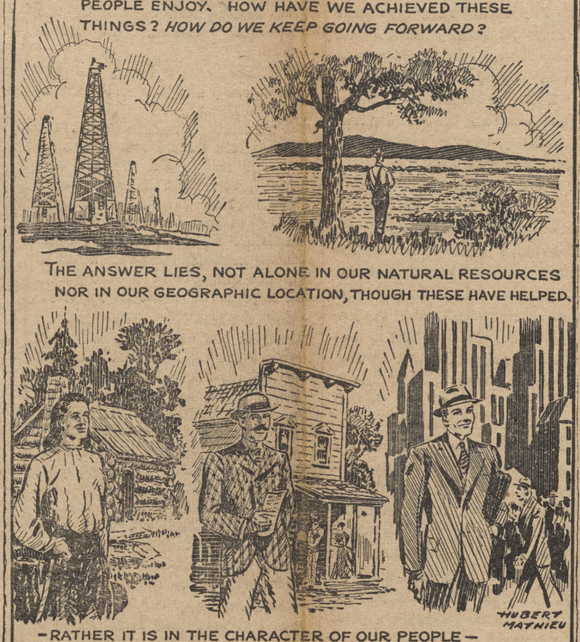
OUR DEMOCRACY——by Mat

WHAT MAKES AMERICA TICK?

WE TAKE FOR GRANTED, OTHERS MARVEL AT, THIS COUNTRY OF OURS—ITS TREMENDOUS PRODUCTIVITY—THE LIVING STANDARDS AND THE FREEDOMS OUR PEOPLE ENJOY. HOW HAVE WE ACHIEVED THESE THINGS? *HOW DO WE KEEP GOING FORWARD?*



THE ANSWER LIES, NOT ALONE IN OUR NATURAL RESOURCES NOR IN OUR GEOGRAPHIC LOCATION, THOUGH THESE HAVE HELPED.

—RATHER IT IS IN THE CHARACTER OF OUR PEOPLE—THEIR INDUSTRY, THEIR INITIATIVE AND SELF-RELIANCE; AND IN THE FORM OF OUR GOVERNMENT, WHICH HAS ENCOURAGED, NOT HAMPERED, THE FREE PLAY OF THESE QUALITIES OVER THE LIFETIME OF OUR REPUBLIC. CONSISTENTLY, WE HAVE PROVIDED INCENTIVE AND REWARD FOR INDIVIDUAL EFFORT—HAVE FOSTERED VOLUNTARY THRIFT—*FOR THE ADVANCEMENT OF THE PEOPLE AND THE NATION.*

HUBERT MATHIEU

IT'S BEING SAID -- IN CYPRESS

That a group of men from the Clarence Smith dairy were holding forth at the lunch counter the other noon. With them was a newcomer to Cypress, who is staying with a friend out on south Walker street. He is a trick rider and trainer and has been employed until recently with different rodeos. We saw colored snapshots of him in full cowboy dress regalia—fast action showing him poised in mid-air in that split second when man and horse are momentarily dependent on one another. We can even tell you where he was born, and this news is the most amazing of all. No, not Texas, not Oklahoma, but, of all places, Philadelphia! The only thing we failed in was finding out his name. People are so cagey about the press! Unfortunately, that nice foreman from the dairy recognized us as the crucial moment.

That we listen to "Scotty" MacPherson weave wonderful tales of his experiences in the first world war the other day, and describe the "bonny country" of his birth. But when we went to translate the notes to write this column, the brogue was so thick we couldn't make head nor tails of the short hand characters!

That we're so envious of Mr. and Mrs. Otho Switzer. When we go rummaging for a second-hand piece of furniture that we hope looks like solid walnut, we come home with just what we paid for—plywood. When they go to an auction for a table to put out in the patio to lend a pleasing rustic appearance and also add to their convenience in a practical sort of way, they discover they have purchased a table with a solid mahogany top for a pittance. We can't think of anyone else who we feel lives more right, and deserves such a delightful reward, though.

That we can remember having a picnic ruined many times by rain—a rare occurrence with families in southern California. But the way Mr. Chapman told it even the family must have had to laugh when they got home and were safe and dry, eating the "picnic" under the shelter of their own dependable garage roof, when they reviewed the sad experience. At 7,000 feet altitude in the mountains, the rain came, and the wind blew, so that the tarpaulin wouldn't protect the shivering, shaking, brood of wet children in the pick-up truck. Included in the Chapman party were the Earl Frances of Cypress and the Leslie Alleman family, of Seal Beach. "Grandpa" swears that there will be no more excursions to the mountains this year.

That while Cypress has no official morning 'coffee klutch", much of the information and gossip gleaned comes to us over a cup of the hot, steaming stuff. Recently a group discussion was held on unusual names. We submit these, and invite you to add further to the contribution for future publication: Zedith Hathcock and Capitola Kelly; Caroline Sylvena Reed; and you'd never guess that "Stan" really stands for Stanislaus Doerr (he was named by a famous singer, but that's another story); and Elmer Valoris Corby inherited his unusual name from his father. He has a "dusey" of a name for Mrs. Corby, too, but he admitted it was fictitious, so that doesn't count.

Popular Cypress Cafe Owner Takes Bride

Stella Radzik, daughter of Mr. and Mrs. J. Radzik, 3539 east 56 street, Maywood, became the bride of William De Boer, of South Gate at a beautiful wedding held in the Saint Rose of Lima church on Saturday morning, June 19, at nine o'clock, Fr. Rhine officiating, in a double ring ceremony. The groom's parents are Mr. and Mrs. D. DeBoer, of South Gate.

The bride, who was given in marriage by her father, wore a gown of white satin, and her veil was trimmed with white pearls. She carried a bouquet of white roses and orchids.

Attendants were her sisters, Marie, Veronica and Regina, who wore blue organdy, lavendar taffeta, and green taffeta gowns, respectively, and Frances Nice, who was attired in pink taffeta. The groom's little sister, Mary Ann DeBoer acted as flower girl and was cunningly dressed in a gown fashioned of blue organdy. Acting as best man was James Shaub, of Huntington Park and ushers were Jim Thomas, Bob Almquist, and Arnold DeBoer, brother to the groom.

The bride's mother wore royal blue and the groom's mother navy blue. Each mother had an orchid corsage.

The reception for 150 guests was held at 3624½ east Slauson street. The wedding cake was beautifully decorated in white with wedding bells. When Mr. and Mrs. DeBoer left for Crestline, California, the bride wore a lovely suit.

The bride attended college in Los Angeles and was employed as a private secretary. The groom is well known in Cypress, since he operates the cafe known as "De Boer's Nest". The couple will make their home in Bell.

FIREMEN TO INVESTIGATE NEW TYPE STATIONS

On a recent Thursday evening, H. A. Kelley attending a meeting of the Firemen's association at the Elk's temple in Anaheim. This group meets once a month to take up problems in the interest of better protecting residents and property in the matter of fires. Under discussion were the newest development in gasoline service stations—the so-called "self-service." It was pointed out that these are a definite fire hazard because people are careless in pouring the gasoline into cans, by spilling the contents onto the ground or over everything in their cars. The gasoline, which is heavy and lays along the ground, may be ignited as the roller skates of the attendants set up sparks.

Special speaker for the evening was John Rathnell, professor of education in a Pasadena college, who drew from his experience in teaching to provide an interesting talk.

FIRE DEPARTMENT SEEKS AID IN ADDING EQUIPMENT

The Los Alamitos volunteer fire department has been circulating a mimeographed appeal to the residents to aid in securing a tank truck capable of carrying 2,000 gallons of water. The department wishes to supplement the 450-gallon supply carried by the fire engine, which it feels is entirely inadequate.

It is stated that the installation of fire hydrants and an adequate water supply would solve the problem, but investigation has proved that the cost is prohibitive. Therefore, it is felt, the only alternative is the purchase of a tank truck. The amount needed is $2,100, and an attempt will be made to raise it by local subscription. Since the additional equipment is to the best interests and for the protection of local property owners and residents, it is hoped the response will be generous and the proposed purchase will be made possible.

Double Celebration For Reed Family

Sunday was truly a day for rejoicing in the William T. Reed household. Of course it was Father's Day but to make it more complete was the arrival the night before of their son, Delbert, who had just received his discharge form the army after spending 18 months in Germany. He was mustered out at Camp Kilmer, New Jersey and buying a car, drove home, arriving in time for Father's Day. The day also marked the seventh wedding anniversary of the Reed's son and daughter-in-law, Mr. and Mrs. Stanley Reed. The family would have been complete except for one daughter, Mrs. Myrtle Hunt, who recently went to join her husband at Camp Carson.

In celebration of the auspicious occasion the family enjoyed dinner at Knott's berry farm. Present, in addition to the parents, were Mr. and Mrs. Stanley Reed and children, Mr. and Mrs. Bill Reed, Mr. and Mrs. Bob Reed, Mr. and Mrs. Dave Humes, the latter two families of Bellflower, Dannie and Delbert Reed, of Cypress.

Final Plans For Naval Air Station Dance

It is doubtful if a bigger dance has ever been held in Southern California than the one which will take place on the evening of Saturday, June 26, at the Naval Air Station, Los Alamitos, about six miles east of Long Beach. The Naval Air Reserve is celebrating its second anniversary with a mammoth dance and carnival. The entire main hangar will be cleared to provide 40,000 square feet for dancing to the music of Jimmy Dorsey and his Orchestra. Twelve loud speakers placed throughout the hangar will be required to properly disseminate the music. In Hangar No. 2 facing the main hangar, there will be all types of games of skill and chance, as well as suitable refreshments. Periodically during the evening door prizes will be drawn, the main prize being a round trip to Mexico City by air, courtesy of Pan American Airways. Other prizes such as a radio-phonograph combination set, wrist watches, electric irons, etc., will total ten prizes. All proceeds from the concessions will be donated to Navy Relief. Everyone si invited, as the hangar should accomodate many thousands of people without crowding.

COMMON HORSE SENSE

To realize that every star in the sky may be as large or larger than this very planet earth, on which we live. Who can see a "star" in California?

IN CASE OF FIRE

It is felt that perhaps some of the newer residents in town are not aware of the procedure to follow when calling the fire department, so the following notice is repeated which was printed in the April sixteenth issue of the Enterprise:

NOTICE

When reporting a fire, dial "Operator"—tell her to contact the Cypress fire department. It is important that the person who is calling REMAINS ON THE LINE until a Cypress fireman answer the call. Then give name of person reporting, and location of fire.

The few seconds it takes to find a telephone and follow these simple directions may be the means of saving valuable time and loss of property—or life.

MANY AWARDS TO LOS ALAMITOS SCOUTS

The Los Alamitos Boy Scout troop, No. 17 their parents and friends enjoyed a pot luck supper at the Laurel school recently which was followed by the first court of honor to be held in Los Alamitos.

J. F. Bowling of Fullerton, Boy Scout Commissioner, was present and presented Sonny Ard with his Star class award. Sonny Ard and Fred Robinson received their first class awards, the presentation being made by assistant Scoutmaster, R. G. Meyers; second class badges were received by John DeBruyn and Reinhart Meyers from M. W. Robinson, Scout committeeman and Tenderfoot badges were earned by Harold Crittenden, Ronald Gaylor and Richard Sanchez, with A. N. Mitchell, chairman of the Scout committee, making the presentation.

Fred Robinson and Sonny Ard also received achievement badges.

LOCAL DO-NUTS SUPPLYING TRADE OUTSIDE CYPRESS

The local do-nut shop has progressed into mass production, supplying three restaurants in Long Beach early enough in the morning to satisfy the breakfast and mid-morning "snack' trade with fresh do-nuts and making another delivery late in the afternoon. C. C. Gibson, who is most often found in his shop and restaurant at 6 Pine evenue in Long Beach, has employed Dwight Jacobs, of Saint Anne street, who is kept busy by this rigorous routine. The firm supplies both the cake and the bread doughnuts, in a variety of interesting flavors and combinations, as stated in the advertisement which appears elsewhere in this paper.

THIS AND THAT

"Heed the 'Signs of Life' and help reduce highway accidents," was the appeal of Clifford E. Peterson, Commissioner of the California highway patrol, explaining that "Signs of Life" are the traffic signs, signals and pavement markings installed on streets and highways to safeguard traffic.

The Patrol is following a definite program in acordance with the national traffic safety plan, "Operation Safety", Peterson added. "Strict observance of the highway signs, traffic signals and street markings would be an important step in cutting down our accident toll. These devices cover almost every situation the driver will meet."

Five suggestions by which motor traffic could be made safer and more efficient were listed:

Give traffic control devices the same respect you would a traffic officer.

Come to a complete halt at every stop sign.

Give strict heed to traffic lights, trying to beat them may cost YOU an accident.

Stay in the proper lane and use hand signals when changing lanes, stopping or turning corners.

Control your speed so you CAN heed the "Signs of Life."

Plans are being completed today for the 25th anniversary of the Bohemian Distributing Company, according to the president, J. S. Foto, who will exchange felicitations with his co-founder, Frank Vitale, at the beverage plant June 30.

The main feature of the program will be a cake slicing party at which state, county and city officials will attend.

Each year the Bohemian firm, the largest beverage distributor on the west coast, has observed its birthdays with formal celebrations. But the silver milestone promises to be commemorated with more significance than on previous occasions.

Veterans were reminded today by Liebermann, County Service Officer, that July 31, 1948 is the expiration date for reinstatement of National Service Life insurance policies without the required physical examination.

Liebermann said those veterans who allowed their insurance to lapse can have it reinstated at the same premium rates as originally paid in service. Two premium payments are required with the reinstatement application.

The local service officer pointed out that a simple statement over the veteran's signature to the effect that his health is as good now as when he allowed the policy to lapse is generally all that is required to reinstate.

Full information about National Service Life Insurance, together with advice and assistance in filing out the necessary forms for reinstatement are available at Veterans Service Center, located at 225 North Broadway, Santa Ana, California.

Four years ago, on June 22, the newspapers of America published the birth notice of one of the most significant events of our nation's recent history. On that day the G. I. Bill was born.

The significance of this law, officially known as the Servicemen's Readjustment Act, has been far reaching. Stated simply, it recognized that the catastrophe of war had forced millions of our citizens to sacrifice temporarily their normal and rightful chances to build sound future careers for themselves.

The aim of Congress, expressed through the G. I. Bill, was to help restore to veterans those lost opportunities. By making avail-

FIRE AND FLOOD

Californians were deeply shocked by the sudden, catastrophic toll of death and destruction suffered by the people of Oregon and Washington from the raging Columbia River flood.

That disaster captured the imagination, aroused the most insensitive.

But in the fact of another, no less tragic—a catastrophe that takes place every year right at home—many Californians show little but abject indifference.

California's forest fire history is that of a blazing smoking inferno. More than 600,000 acres of timber and watershed areas throughout the State have been blackened by fire during the past two years, according to figures of the State and United States Forest Service Departments. Damage to resources and property was in the millions of dollars.

State Forester DeWitt Nelson, in issuing a plea to the public to help curb fires during the dry summer months ahead, points out that most forest and brush fires are still directly traceable to untended campfires and cigarettes carelessly flicked aside by unthinking motorists.

Simple, every-day precautions by motorists and campers could end the continuing destruction. California's great irreplacable birthright of forest and mountain resources is at stake.

able to eligible veterans readjustment allowances, government-sponsored training in schools and colleges, job-training in approved establishments, and the partial guarantee of G. I. loans for the purchase of a home, a farm, or a business, the G. I. Bill gave to veterans the opportunity to help themselves in time of peace, as they had helped the nation in time of war.

Naturally, there have been "bugs" in so vast an operation in the field of national readjustment. For some veterans there have been temporary delays and understandable disappointments. But in the main, the G. I. Bill has justified the confidence of the Congress and all of our citizens in the ability of the veterans to use these benefits well.

The more than 12 million veterans of World War 11 now on full or part-time jobs offer proof. So do the more than one hundred thousand veterans of the Los Angeles regional area who are in schools and colleges and in job-training. Yes, the G. I. Bill is now four years old—and it's a strong, husky and healthy child of democracy.

JUNE 30th—A DEADLINE!

All amputee, paraplegic and other eligible veterans who have not applied for automobiles from the government must have their applications filed and approved by June 30 of this year. That means that applications for the cars must be submitted to the Veterans Administration at least three days prior to the deadline. After application has been made and the veteran's eligibility established, the VA will pay for an automobile or other conveyance up to a cost not to exceed $1,600 when the vehicle is delivered.

Those eligible must be veterans of World War II who lost, or lost the use of, one or both legs at or above the ankle and who are receiving compensation for such losses which were incurred in the service prior to JJuly 25, 1947.

Veterans whose applications are already in and approved can take delivery on their cars up to June 30, 1949.

Amateur photographers will find the largest and most complete show ever staged for their entertainment and edification when the southland's Photo Fair opens June 25 at Pan Pacific auditorium in Los Angeles, for five days packed with picture-taking fun.

Everything from live models for either posed or action pictures, to complete darkroom facilities and clinics of instruction in photography, will be provided to help the camera fans make good photographs at the fair, and compete for the numerous prizes offered for the best shots.

Stanton Girl Wed At Lovely Anaheim Service

Miss Ardell Messersmith, daughter of Mr. and Mrs. Herbert Messersmith of Starr street, Stanton, became the bride of Paul Tyler Harrison the son of Mr. and Mrs. T. E. Harrison of Anaheim in a double wedding service on June 12 in the presence of a host of friends and relations. The altar of the White Temple Methodist church of Anaheim, where the ceremony took place, was banked with baskets of white gladioli, stock and delphinium with potted palms and lighted candles in tall candelabra forming the background.

The bride was lovely in her gown of ivory slipper satin fashioned entrain, designed and made by her mother. The bertha of the tightly fitted bodice was embroidered with irridescent sequins and her veil fell from a cap of seed pearls. She caried a shower bouquet of gardenias, stephanotis, and lilies of the valley. Sentimental accents included a lucky sixpence in her shoe, a blue garter and a piece of heirloom jewelry.

The attendants wore identical gowns of tafreta made with off shoulder neckline and full corded skirt. Each carried a sheaf of carnations with satin ribbons in a contrasting shade with her gown. Miss Doris Grivey, in aqua shade was maid of honor. Bridesmaids were Miss Barbara Meyer and Miss Betty Story, in pink, Mrs. Dudley Vello and Miss Dickie Graham in green and Mrs. John Murdock and Mrs. Thomas Harrison in orchid. All wore net halo hats in shades matching their gowns.

Candlelighters were Miss Delores Carrigan and Miss Jeanette Allen. Best man was Thomas Harrison, brother of the bridegroom, and Jimmy Sutherland, Glen Fry, Lyle Wagner, John Hein, Leonard and La Roy Harvil were ushers.

Norman Wilcox provided organ accompaniment for William Fackiner when he sang "At Dawning," "Because" and "Wedding Prayer" as the couple knelt for the nuptial blessing, as well as the wedding marches.

Officiating clergyman was Rev. Rollo Dunham, pastor of the White Temple Methodist church.

A wedding reception took place in the basement of the church where the parents of the young couple joined the bridal party in greeting the guests. For her daughter's wedding Mrs. Messersmith chose a dusty rose crepe gown with sequin trim and a matching net turban. Her corsage was fashioned of delphinium. Mrs. Harrison wore a Grecian styled gown of apricot shade with a blue corsage.

Following the ceremony of cutting the first slice of the four tiered wedding cake, serving duties were assumed by Mrs. Henry Ramm, Miss Charlene Walker, Miss Gloria Knutson, Miss Marilyn Smith and Mrs. Bill Brady. Mrs. C. D. Gates, Mrs. Marvin Bates, and Miss Frances Plou presided at the punch bowl and the Misses Charlotte Gauer, and Christine Fisher had charge of the guest book.

Leaving later in the evening for a honeymoon in Canada, the bride was wearing a navy blue gaberdine suit with matching shoes, hat and bag and a delicate pink blouse and gloves. When they return they will make their home in Stanton.

The new Mrs. Harrison graduated from Magnolia elementary and Anaheim high school. Her husband is also a graduate of Anaheim high school and served two years in the US Navy. He is associated with his father in the Harrison pump business.

MRS. OLIVE WILLIAMS PHONE AN 2-8279

Mrs. Glenn Hubbard was the guest of her father, last Tuesday, when the Rotarians of Huntington Park, entertained their daughters at luncheon. The feature of the program was an interesting "chalk talk", which delighted all of the visitors, young and old.

Mr. and Mrs. Richard Hathcock and family have returned from a ten days' motor trip which took them to many points of interest in and around Idaho. Especially interesting to the children was their visit in mountains and snow.

Mrs. Thelma Essex has left for her vacation with family and friends in Livingston, Montana. Accompanying her on the bus as far as Boise was Mrs. Helen Broadbelt, who went on to Missoula, Montana, for a visit.

Guests in the Oren B. Harvey home Tuesday evening were Mr. and Mrs. Charles T. Rhodes and son, Jerry, of Converse, Indiana, who were old friends in the middlewest and had not met for about nine years. The visitors from the east left home on June 16, and traveled the northern route to Vancouver, and thence down the coast. The train was forced to creep along at a slow rate through three feet of water in the flooded section of Oregon. Theirs was the second train to a visit to Catalina and other go through since the flood. After points of interest in southern California, the family will return to their home in Converse, where Rhodes is employed in a large business which handles hardware and farm equipment and machinery.

Mr. and Mrs. Carl Korn, their son, Ronnie and daughter, Carlene, spent Sunday at the home of Mrs. Korn's mother, Mrs. Harry Bechtold in Long Beach.

On Father's Day the R. C. Cawthons had as their guest, Cawthon's father, Clayborn Cawthon, of Long Beach, formerly of Cypress. On Sunday evening, Mr. and Mrs. Cawthon were dinner guests of their son-in-law and daughter, Mr. and Mrs. Murl Jasper in Long Beach.

The older daughter of the Walter Wiers, Miss Ruth Wier, was signally honored when she finished high school last week. Each of the five high schools in Long Beach was represented by a student high in scholarship achievement, and Ruth was chosen from Polytechnic high school. She ranked scholastically at the end of every semester during her high school career and was one of the 36 out of 800 tsudents to be honored with the title "Seal bearer." She expects to enter a course in secretarial training. The Weirs live at 3730 Lemon street in Long Beach, although they are better known in Cypress because of the time spent at their place of business, the All-in-All appliance store.

The movie tonight at the school house, which is sponsored by the park recreation committee in the interest of the park fund, is "Myth of the timberland." The same stars which have been appealing to local audiences will appear in this film. Andy Devine, especially, has been pleasing the younger set.

Mr. and Mrs. John Gilchrist, have returned home from a motor trip to Oregon. They had planned to go to Lake Louise in Canada, but flood conditions in the north made the trip impractical because of long detours. Instead they visited relatives in Coquille, Oregon and went fishing at Ten Mile Lake near Lakeside, Oregon, where they met Mr. and Mrs. J. W. Harris of San Pedro, friends of long standing. They were gone three weeks.

Mrs. Charles Knauss and baby daughter, Sandra Sue, are home from the MacCormack hospital in Pasadena, and are staying with the grandparents of the new arrival, Mr. and Mrs. Fred Hutchings.

Bill Will, son of Mr. and Mrs. C. Will of the Lincoln and Grand service station, who has been seriously ill in the Fullerton General hospital since May 2, having undergone three operations, is now at home and convalescing nicely.

Honor Guest Is Showered With Baby Presents

The pleasantest sort of a party took place on Monday evening when Miss Jewel Leverich entertained with a "blessed event" shower at her home on Belmont street for Mrs. Hank Osterloh of Orange. Most of those present had been school mates at Anaheim High school, and talk flew thick and fast, catching up on the latest news and comparing notes.

Games suitable for the occasion were played with Mrs. Myrtle Larsen and Mrs. Barbara Morales winning prizes.

Theme of the party was emphasized by the baby doll on the table where the shower gifts were placed and by the tablecloths and napkins at refreshment time.

IT PAYS TO ADVERTISE
The codfish lays a million eggs
The hen lays but one
But the codfish doesn't cackle
To tell us what she's done—
and so—the codfish coy we scorn
While the helpful hen we prize—
Which indicates to thoughtful minds—
That it pays to ADVERTISE.
NO MATTER HOW YOU DO IT, ADVERTISING PAYS, BUT ADVERTISING YOU CAN SEE, PAYS BETTER THAN ANY.
